- You must not deactivate your existing service when porting. Telephone numbers can only be ported while active.
- You can only withdraw your authority to port this telephone number before the Electronic Cutover Advice is sent by WorldDialPoint to your current Service Provider, which will be on or after the preferred cutover date specified in this form.
- WorldDialPoint does not warrant that it can port your telephone number from your current Service Provider. Your current Service Provider may reject this port request if the information you provide is incorrect or does not match the data held by them. In this case you authorise WorldDialPoint to correct the information and resubmit the request to port your telephone number to WorldDialPoint or dispute the rejection by your current Service Provider. A porting request may also be rejected for other reasons as stated in the LNP Industry Code.
- WorldDialPoint does not warrant that the telephone number will be ported within any specified timeframe. Porting Hours of Operation are 9am to 5pm AEST/AEDST Monday to Friday, excluding National Public Holidays. Cutover can only be initiated at least 3 business days after the porting Notification Advice is sent by WorldDialPoint to your current Service Provider. If a port request is rejected and needs to be resubmitted, cutover cannot take place for at least another 3 business days after the request is resubmitted.
- WorldDialPoint recommends that you should always maintain an alternative phone service if you port your phone number to a VoIP service. A VoIP service is not a substitute for a standard (PSTN) telephone service, as in the event of power failure the VoIP service will not operate. - Only your telephone number will be transferred to WorldDialPoint. This may result in the loss of any Value Added Services that are associated with the service provided by your existing Service Provider (eg Voicemail).
- If you wish to port your telephone number from WorldDialPoint to another Service Provider, then you must contact the other Provider.
- **WorldDialPoint reserves the right to charge a fee for porting your telephone number to or from WorldDialPoint.**
